

9 September 2019

Dear Parent/Carer,

I hope your child has enjoyed the return to school and is looking forward to the year ahead.

We surveyed parents' views during parents' evenings last year and, whilst a very large percentage of those surveyed said they were happy with communications, a number said that they would appreciate further improvements in the quality of information.

Consequently, I am pleased to announce the launch of the Go4Schools mobile app which is now available for download from the app store.

The app will enable you to receive updates on homework and behaviour quicker than before and students will be able to tick off homework as it is completed.

Please find attached two guidance documents containing further information.

I hope these changes will make it easier for you to support your child's learning.

If you have any queries, please do not hesitate to contact me.

Yours sincerely,

Ed Slingsby
Assistant Principal
