

	Units	Assessment	Homework
Autumn	Health and Lifestyle A look at how we can keep the body healthy, from what we eat to drug intake. We take a particularly close look at the digestive system and how it digests the food that we eat,	End of Unit Test Literacy task and Spellings	Food diary/ Broadsheet
	Chemical Reactions Learn about the chemical reactions that are happening around us right now! From burning fuels to acid rain.	End of Unit Test Context question and Spellings	Revision broadsheet
	Electricity and Magnetism Students experience magnetism and electricity as related effects and learn useful applications of these in everyday life.	End of Unit Test Context question and Spellings End of Term Test	Spellings/ Broadsheet
Spring	Forces We look at the forces all around us, how they can be measured and the effect they can have.	End of Unit Test Context Question and Spellings	Context question/ Broadsheet
	Adaptations and Interdependence Examine the relationships between different species of plants and animals and identify how these organisms are adapted for their survival.	End of Unit Test Literacy task and Spellings	Spellings/ Broadsheet
	Acids and Alkalis A highly practical module looking at how to identify acids and alkalis and what happens when they react together.	End of Unit Test Context Question and Spellings End of Term Test	Context question/ Broadsheet

Summer	Reproduction Understand the male and female reproductive systems and how fertilisation takes place in both animals and plants.	End of Unit Test Literacy task and Spellings End of KS3 Exam	Literacy task/ broadsheet
	Reactions of Metals See what happens when metals react with acids, identify signs of chemical reactions and learn how to collect gases.	End of Unit Test Context question and Spellings	End of year exam revision
	Motion and Pressure The physics of motion is all about forces. You will look at how forces act upon an object to get it moving, or to change its motion.	End of Unit Test Context question and Spellings	Context question/ broadsheet
