

SOHAM VILLAGE COLLEGE SEND INFORMATION REPORT

SEND Information Report 2021-22

The purpose of this document is to inform parents and carers about:

- How we welcome children and young people with additional needs into our school community
- How we support them in all aspects of school life and remove barriers to achievement
- How we work in close partnership with parents/ carers and children.

What is our vision and what do we think is important at Soham Village College?

Soham Village College is an inclusive secondary school for 11- 16 year olds. We believe in a varied education, where students have equal opportunities to participate in a full curriculum, building independence and resilience along the way. The overarching aim is to ensure that students are prepared for their transition into adulthood with the necessary skills and confidence. The Advisory Body and staff are committed to the inclusion of students with additional learning needs and disabilities. We believe that achievement is gained through having an inspiring, caring and enriching school experience.

What are special educational needs and disabilities?

The SEND Code of Practice (2014) states that a child or young person has a special educational need or disability (SEND) if they have a learning difficulty or disability which calls for special educational provision to be made.

A child of compulsory school age or a young person has a learning difficulty or disability if they:

- Have a significantly greater difficulty in learning than the majority of others of the same age
- Have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools

What is the Local Authority Local Offer?

This is a resource developed by the Cambridgeshire Local Authority to signpost services and provision for young people with SEND in the local area.

For more information please click [here](#)

Where can I access independent help and support?

The Parent Partnership Service providing Cambridgeshire's SEND Information, Advice and Support Service (SENDIASS) offers impartial and confidential information

<https://www.cambridgeshire.gov.uk/residents/children-and-families/local-offer/local-offer-care-and-family-support/send-information-advice-and-support-service-sendiaass>

IPSEA: Independent Provider of Special Education Advice (known as IPSEA) is a registered charity operating in England. IPSEA offers free and independent legally based information, advice and support.

<https://www.ipsea.org.uk/>

How do we consult with parents of children with SEND and involve them in their child's education?

We aim for open and transparent communication and consultation with young people and their parents and carers. We prefer to meet and discuss things face to face, both through parents' evenings, review meetings and other meetings as the need arises.

Email and phone calls can also be useful as it allows for clear communication which can be referred back to, as required.

Please contact The Hub here:

thehub@soham-college.org.uk

01353 724100 Ext 5104

How do we consult with young people with SEND and involve them in their education?

- Students with an EHCP have the opportunity to tell us what they think through the annual review
- Students will be invited to meetings about them, and we will respect their views on how they wish to participate
- Students have access to The Hub during the school day to talk to a Hub manager or SENCo
- Students are consulted about the help they may need and they share how they prefer this help to be given. This is recorded in their Pupil Passport.

How do we know if your child needs extra help?

- If your child is transferring to Soham Village College and already has special educational needs, your primary school will inform the Special Educational Needs Co-ordinator (SENCO) at SVC.
- There is planning between the schools and with parents and carers in Year 6 to support the student's move from primary to secondary school, often through the Year 6 Annual Review, if an EHCP is in place.
- On entry to the school, all students are screened on literacy skills within the key areas of reading, spelling and comprehension. This helps us identify how to target early morning literacy interventions. Our maths department also identify students who need support with numeracy and run early morning sessions to help them to catch up.
- Some children do well at primary school but find the transition to secondary education more difficult. The teachers and support staff are highly alert so that areas of need are spotted early and referred to The Hub, so that support can be coordinated promptly.
- The school listens to parents. Sometimes, the first signs of difficulty are picked up through conversation at home so parents are always welcome to contact the school to talk about concerns.

What should you do if you think your child may have a special educational need or disability?

- If you are concerned about your child's abilities, the school will listen to your concerns, discuss them with you and agree on a plan that might only need light monitoring or might require assessment by specialist staff or external agencies.
- You can contact the school by phone or e-mail (please see contact details on the home page of the school website).
- Please contact the school through a family friend or professional translator if you feel more comfortable using a language other than English.

- If your child is still at primary school, talk to your child's teacher there who can help you look at any issues and make links with Soham Village College to help prepare for the next year.

What is an Education Health Care Plan (EHCP)?

An EHCP is a legal document that identifies a child's SEND needs and focusses on the support required to meet agreed outcomes. As well as the educational elements, EHCPs also outline the child's health and social care needs, outcomes and support.

What kinds of special educational needs and disabilities might students at Soham Village College have?

There are 4 broad areas of SEND:

- **Communication and interaction**

Speech language and communication needs. Autism spectrum continuum, including Asperger's Syndrome and autism.

- **Cognition and learning**

Moderate and severe learning needs including global learning delay. Specific learning needs, including dyslexia, dyspraxia and dyscalculia.

- **Social, emotional and mental health (previously behavioural, social and emotional difficulties)**

Difficulties with poor mental health and wellbeing including anxiety and depression. Difficulties with regulating and managing emotions. Disorders such as Attention Deficit Disorder/Attention Deficit Hyperactivity Disorder/Attachment Disorder.

- **Sensory and/or physical**

Physical disability, vision or hearing impairment, multisensory impairment.

My child has difficulties with Communication and Interaction

This can include:

- Understanding language
- Using language
- Understanding how to communicate socially with other people
- Conditions include: Specific Language Disorder, ASD/ASC (Autism), Asperger Syndrome, speech sound disorders/delay.
- Stammering – advice given to families about how to access support from outside agencies

What can Soham Village College offer?

<p>Universal support all students can access</p>	<ul style="list-style-type: none"> • Quality First Teaching with appropriate differentiation (including best SEND practice). • Visual aids to support key vocabulary, concepts and themes. • Whole-school awareness to encourage meta-cognitive learning. • Access to homework support clubs. • Access to supported games club. • Access to assessment for identification of significant needs. • Single point of access throughout the school day for all Additional Support needs through Key Stage Managers based in The Hub.
<p>Targeted support for students may include</p>	<ul style="list-style-type: none"> • In-class Teaching Assistant support in some lessons • Year 7 Transition Groups • Post 16 transition support • Hub lunchtime activities club • Access to wellbeing support • Specific teaching and learning strategies shared with class teachers
<p>Specific individual support may include</p>	<ul style="list-style-type: none"> • Individual teaching assistant support in some mainstream lessons • On-going monitoring and regular feedback to parents and students • Exam access arrangements • If thresholds determined by the therapists are met, 1:1 session with a speech and language therapist can be arranged • 1:1 sessions with other specialist staff in the school

My child has difficulties with Cognition and Learning

This can include:

- Reading and spelling
- Learning new information and concepts
- Working with numbers
- Working memory
- Concentration
- Students may have Specific Learning Difficulties such as, dyslexia, general learning difficulties, AD(H)D
- Students may present with difficulties that do not have a specific title

What can Soham Village College offer?

<p>Universal support all students can access</p>	<ul style="list-style-type: none"> • Quality First Teaching with appropriate differentiation (including best SEND practice) • Visual aids to support key vocabulary, concepts and themes • Access to homework support clubs • Access to assessment for identification of significant needs • Access to assessments for exam access arrangements, if needed • Year 7 and 11 transition support to ensure needs can be supported effectively • Whole-school awareness to encourage meta-cognitive learning • Dedicated and caring staff who value all students regardless of ability • Single point of access throughout the school day for all Additional Support needs through Key Stage Managers based in The Hub
<p>Targeted support for students may include</p>	<ul style="list-style-type: none"> • Accelerated Reader Programme • Early Morning Paired Reading and Spelling Programme • Toe by Toe phonetics programme • When needed, help from an external agency (e.g. Educational Psychologist) • Teaching assistant support in some lessons • Specific teaching and learning strategies shared with class teachers • Targeted lunch time clubs for vulnerable students • Dyslexia mentoring & support • Post 16 Transition support • Foundation Learning Tier GCSE options
<p>Specific individual support may include</p>	<ul style="list-style-type: none"> • On going tailor-made 1:1 tuition in The Hub, led by a teaching assistant • When needed, help from an external agency (e.g. Educational Psychologist) • Termly testing for students with literacy difficulties to review and plan • Subject-specialist teaching assistants in key subjects to provide on-going support • External agency advice where needed • Exam Access Arrangements

My child has difficulties with Social, Emotional or Mental Health

This section includes all those young people who experience short but significant periods of high anxiety, stress, distress or anger that affect their education.

It also includes young people who have a range of longer-term recognised mental health conditions.

For both groups, issues can include:

- Forming and maintaining healthy relationships
- Bereavement
- Attitudes to attainment
- Attendance
- Self-esteem
- Life outside school

What can Soham Village College offer?

<p>Universal support all students can access</p>	<ul style="list-style-type: none"> • Quality First Teaching with appropriate differentiation (including best SEND practice) • Whole-school awareness to encourage meta-cognitive learning • Access to homework support clubs • Access to assessment for identification of significant needs • Whole school policy for behaviour management with graduated response • Year 7 and 11 transition support • Anti-bullying policy • Awareness training for individual mental health needs through PSHE lessons and tutor time activities (Key Stage 3) • Tutor time activities and external presentations during PSHE days (Key Stage 4) • Self-help resources and signposting to support websites and advice lines • Single point of access throughout the school day for all Additional Support needs through Key Stage Managers based in The Hub • Access to Sensory Room
<p>Targeted support for students may include</p>	<ul style="list-style-type: none"> • Foundation Learning Tier Breakfast Club • The Hub lunchtime drop-in • Year 7 transition support groups • Time-out cards allowing students to remove themselves from the classroom if needed. Students then go to the Hub where a member of staff will check up on them. • KS4 exam anxiety support sessions • In-class support in some lessons • Year 11 support with college applications and career paths • Tutor check-up
<p>Specific individual support may include</p>	<ul style="list-style-type: none"> • 1:1 mentoring or counselling • Bespoke timetables • Hub registration

	<ul style="list-style-type: none">• Outside agency input (e.g. Educational Psychologist, Centre 33, Young Person's Worker (YPW) or Family Support Worker (FSW), Emotional Health and Wellbeing Service, CAMHS)• In-class support for students at risk of exclusion• Pastoral Support Plan/ ISLE access- support for students at risk of permanent exclusion• Looked After Child Education Plans• Alternative Provision
--	--

My child has Sensory and/or Physical Needs

This section covers students who have difficulties with:

- Vision
- Hearing
- Gross motor co-ordination
- Fine motor co-ordination
- Self-organisation for daily living
- It includes conditions such as cerebral palsy, physical injury, dyspraxia

What can SVC offer?

<p>Universal support all students can access</p>	<ul style="list-style-type: none"> • Quality First Teaching with appropriate differentiation (including best SEND practice) • Visual aids to support key vocabulary, concepts and themes • Amplification of sound for hearing aid users • School adheres to guidelines on physical access • Whole-school awareness to encourage meta-cognitive learning • Access to homework support clubs • Accelerated Reader Programme KS2 to KS3 transition support via tutor programme • Access to assessment for identification of significant needs • Dedicated and caring staff who value all students regardless of ability • Single point of access throughout the school day for all Additional Support needs through Key Stage Managers based in The Hub
<p>Targeted support for students may include</p>	<ul style="list-style-type: none"> • Handwriting /fine motor/keyboard skills training • Medical Care Plans • Group discussions and information giving from our qualified school nurse • Access to school laptops for use during lessons • Access to assistive technology, software, audio digital books and applications • Access to teaching assistant support • PE Skills Group (after-school club)
<p>Specific individual support may include</p>	<ul style="list-style-type: none"> • Support from Physical Needs specialist Teaching Assistant • Personalised support plans • 1:1 Outside Agency support including Hearing and Visual Impairment specialists • Individual handwriting /fine motor/keyboard skills training • Specialist equipment and materials, such as enlarged adapted resources • Targeted teaching assistant support for complex medical needs, including practical support • Exam Access Arrangements

How will you know if the school is supporting your child? How do parents/ carers know how their child is doing?

All students:

- The school will send you a letter to invite parents and carers into school to inform them what we are proposing to offer their child.
- Parent consultation evenings are a great opportunity to discuss your child's progress and needs and to find out about support options.
- Parents are always welcome to contact their child's form tutor at any time to discuss particular concerns as they arise.
- The Hub is the home of the Additional Needs team. The Key Stage Hub Managers are based here who can answer queries and discuss additional provision with parents and carers.
- Parents and carers can monitor the progress of their child through the Go4Schools online platform. Information such as current grades, attendance, behaviour and homework are available for parents and carers to view.

Students with EHCPs:

- Your child will have identified needs and an education plan in place from the time they start at Soham Village College. Their support in mainstream lessons will be timetabled, additional support outlined in the EHCP will be implemented where needed and parents can discuss this at any time by contacting The Hub.
- Students will have an Annual Review of their progress and needs. This comes in the form of a full written school report as part of a specially arranged face to face meeting between parents and SENCo. During this meeting, students, parents and staff have the chance to express their views about the progress being made and the provision they are receiving at school.

How will the curriculum be matched to your child's needs? How are the school's resources allocated to these needs?

- All staff are expected to adapt their lessons to increase the use of elements known to support students who need extra help. For some students with lighter needs, this is all that is required to help them make progress.
- Teachers also have access to the profiles of students known to have specific needs and they can collaborate with the specialist staff to build adaptations to activities especially for those individual students.
- Many lessons benefit from having a teaching assistant in the class who can spot difficulties and help to give instant support.
- You will have opportunities to discuss GCSE choices in Year 9 with the aim of selecting subjects based on your child's strengths and interests.
- If your child is specifically funded through their EHCP, review meetings with the SENCo will include discussion and agreement about how that funding is used and monitored.
- The SENCOs have a monitoring cycle to advise on provision in departments and discuss best practice.
- The teaching assistants are participating in a Continuing Professional Development programme which is designed to tackle skills gaps and enhance their expertise.

Will your child be able to access the school environment?

The school environment is adapted to enable access for all students, wheelchair access is good across the site. For students with specific physical needs further adaptations and support are provided to allow access to both the school environment and curriculum. When necessary, medical risk assessments can be created for students with specific physical needs.

How is progress monitored by the school?

- Progress is monitored by individual teachers, Heads of Faculty, Year and Key Stage.
- Student targets are referenced against external targets set by the Fischer Family Trust (FFT) who base projections upon KS2 data and a wide range of other indicators.
- Student progress data in all subjects is available for students, parents and staff through Go4Schools.
- Early morning interventions supporting reading, spelling and numeracy are monitored against a baseline using recognised standardised tests completed on a termly cycle.
- Professionals from outside of school e.g. Educational Psychologists may be involved in setting targets and monitoring specific areas of student progress.
- Individualised English and maths targets are set for students on the SEND register.

What specialist services and expertise are available at the school?

Within the Hub team there are staff who have received additional formal training in their areas of specialism such as learning/literacy, speech/language/social communication needs (SLCN), mentoring for social/emotional/mental health and supporting students with diverse physical needs.

- All teaching assistants receive regular Continuing Professional Development training and coaching for specific issues / students, from relevant specialists.
- The school brings in additional expertise (assessment, staff training and intervention) from outside agencies, including:
 - Educational psychology
 - Occupational therapy
 - Visual Impairment Service
 - Audiology Service
 - Child & Adolescent Mental Health Service (CAMHS)
- The school has 3 qualified SENCOs:
 - Angela Bocking (KS4)
 - Inge Tucker (KS3)
 - Ben Thompson (Foundation Learning Tier)
- To support the social, emotional and mental health of our students, we have a dedicated Wellbeing Team. This is led by a trained counsellor.

How will the school help parents and carers in supporting their child's learning at home?

- The school provides parents with advice on how to support your child's homework.
- All homework is recorded on Go4Schools, which parents and carers can access
- Parents are always welcome to contact their child's form tutor or subject teachers for more specific advice at any time.
- Parents will be invited to attend other specific events during the year e.g. Options Evening which give further support to parents and students.
- Your child's recent reports will include targeted advice, some of which will apply to home as well as school life. If you are not sure how you can apply them, contact the author of the report for further information.
- Annual reports written at Soham Village College often contain advice that will be discussed and developed with you at the parent information evenings.
- Parents are always welcome to contact The Hub for ongoing advice.

What support will there be for your child's Wellbeing?

- It is vital that all students at Soham Village College feel valued, cared for, confident and supported.

- Staff providing additional support to students with special educational needs automatically include:
 - Ensuring that the student knows who they can talk to if they have any worries
 - Access to The Hub at break and lunch with supervised games and craft clubs to help make friends, learning how to have successful conversations, becoming increasingly independent within school.
 - Students who have social, emotional and mental health issues or develop them later on are offered additional measures through the Wellbeing Team to help them cope. Please contact your child's head of year in the first instance.
- All students can access support from the Wellbeing Team via a referral from their Head of Year.
 - Support can include signposting to support resources, counselling, weekly check-ins, Time Out cards, adaptations to timetables, external support, Centre 33
- Mental health and wellbeing are a vital part of the PHSE curriculum for KS3 students.
- More specific topics are covered in PSHE days in Year 10 and 11
- From September 2021 there will be a Health and Wellbeing programme running for all students during tutor time each week

How will the school help prepare my child for transfer to post-16 education or to another school?

- All students will have access to the school's Advice and Guidance Counsellor.
- Students with a greater need have at least one meeting with a member of staff from the Guidance Officer from the Locality Team. During this meeting students will have the chance to talk about different Post 16 options.
- Students in the Foundation Learning Tier will complete work experience at the beginning of year 11. This helps to give students a taste of a working environment and can help inform them about which course they would like to take, post-16.
- Students will receive support with completing college applications and have dedicated time in school to discuss careers and options available to them.

How will the school know that its provision for SEND is effective?

We believe that regular monitoring and evaluation is vital to ensure effective SEND provision. The progress of students is regularly assessed and reviewed in order to determine the effectiveness of High Quality Teaching for students with SEND and any additional intervention programmes.

We do this in several ways including:

- Regular learning walks
- Faculty reviews- SENCo Residency
- Analysis of the attainment and achievement of different groups of students with SEND
- Monitoring of EHCP outcomes
- Post 16 destinations of young people with SEND
- The views of parents and students
- Adaptation of teaching resources where needed, including the use of ICT and accessible equipment
- In class support
- Regular monitoring by the governing body/ SEND governor
- Scrutiny of the effectiveness of interventions, monitoring progress through reading and spelling scores etc.
- Monitoring the procedures for the identification and assessment and the effectiveness of Assess, Plan, Do, Review cycles.

Who is involved in supporting students with SEND?

- Form tutors and subject teachers, in liaison with Heads of Faculty, are the first point of contact
- The Director of Learning Support and Wellbeing Lead is responsible for overseeing the provision for SEND, line managing the Additional Needs department and Wellbeing Team
 - Contact Details are: aroberts@soham-college.org.uk
- The Special Educational Needs and Disability Co-ordinators (SENCO) are responsible for the co-ordination of the provision for SEND
 - Contact details are:
 - KS3- Inge Tucker- itucker@soham-college.org.uk
 - KS4- Angela Bocking- abocking@soham-college.org.uk
 - FLT- Ben Thompson- bthompson@soham-college.org.uk
- The KS3 SENCo is responsible for assessing Access Arrangements for exams and assessments
- The Inclusion Team include a number of teaching assistants, some of whom hold higher level positions with specific areas of responsibility
- KS3 and KS4 Hub managers are the student facing staff who work with students accessing The Hub.
 - Their contact details:
thehub@soham-college.org.uk
01353 724100 Ext 5104
- The link governor for SEND is Parvie Churchman
 - Contact details are: PChurchman@staploeeducationtrust.org.uk

Complaints

Should students or parents and carers be unhappy with any aspect of provision they should discuss the problem with the class teacher in the first instance. Anyone who feels unable to talk to the teacher, or is not satisfied with the teacher's comments, should ask to speak to a SENCo.

In the event of a formal complaint parents should follow the Trust's Complaint Policy which is available on the school's website. The Parent Partnership Service is available to offer advice.
