

March 2022

Dear Parents and Carers,

Virtual Work Experience Opportunity – Years 9, 10 & 11

Our work with Springpod continues and I am delighted to let you know about the next round of experience opportunities are available, due to run from 4th April (Easter break).

The range of industry sectors available are:

Business Management	Dentistry	Engineering
Finance and Accountancy	Infrastructure Construction	Investment Banking
Law	Property Marketing	Psychology
Software Developing	TV & Film	Teaching

There are also placements being run by Vodafone, Nestle and Siemens.

Students can complete their chosen programme in their own time between the designated dates, and a certificate is awarded at the end. As well as giving students a fantastic insight into a sector they are interested in, completion of the programme is great for inclusion in college and university application personal statements, CV's and job applications.

The programme can be viewed via this website address - [Springpod.com/virtual-work-experience](https://springpod.com/virtual-work-experience)

The closing dates for registration using the above link vary but most are around 30th March, and it is recommended that students register as soon as possible to guarantee their placement.

Yours sincerely,

Mr Nick Oakhill
Careers Education, Information, Advice & Guidance Manager
