Dear Parents and Carers,

Re: Feedback on the year so far

Students in year 9 have some important decisions to make about which subjects they will take in Key Stage 4. It was great that so many of you could attend yesterday's Parents' Evening. We would really like to hear about your experience of school so far this year and how the options process is progressing.

I will write next week to give more details about how and when students will submit their choices for their options.

Thank you for your support.

Yours sincerely,
