Introduction

The Careers Programme at Soham Village College is designed to prepare students for life beyond GCSEs, helping them explore options, make informed decisions, and develop key employability skills. From exploring college courses and career pathways to organising employer engagement experiences, our programme ensures students receive impartial, tailored advice and guidance. The focus is on equipping them with vital skills such as communication, teamwork, problem-solving, creativity, and organisation.

This programme is delivered by the CEIAG (Careers Education, Information, Advice, and Guidance) supported by various stakeholders, including tutors, external providers, local employers, colleges, universities, parents, and the local authority. CEIAG is integrated into the PSHE curriculum for Years 7-11 and is embedded across subject areas. Additionally, the Resource Centre offers leaflets, prospectuses, and career-related books, while the school website hosts a wide range of up-to-date resources for students, parents, and employers, with links to useful external websites. Parents stay informed via the Careers newsletter, Parentmail, and social media, and parent information evenings provide further opportunities to highlight the support available for students at any stage of their career journey.

In Years 7 and 8, we introduce students to career-related topics, encouraging them to consider future job roles and develop key employability skills like communication and teamwork. In Year 7, students complete a Skills Questionnaire to assess their understanding of careers and how they perceive their own skillsets.

By Year 9, the focus shifts towards deeper exploration of employability through the World of Work project. This includes activities around marketing, teamwork, and problem-solving, helping students link their favourite subjects to potential career options. Further and Higher Education choices are also introduced. Another Skills Questionnaire is completed to monitor progress and identify areas for development.

In Year 10, students begin to explore Post-16 options, with Taster Days and the MyChoice16 application process offering insights into college life. All students attend the Ely Careers Fair, and targeted students participate in Work Experience, allowing them to gain practical insights into the world of work. Careers guidance meetings with a Level 6 qualified advisor commence in the Spring term.

Year 11 is dedicated to preparing students for their next steps. College applications are submitted before Christmas, with support provided through a College Application Day, including workshops on writing Personal Statements and time allocated to finalise applications. Students also participate in mock interviews to hone their skills. Those at risk of becoming NEET receive additional support, with ongoing careers guidance meetings throughout the Autumn term. A survey of the previous year's cohort highlights the value of College Open Evenings, Taster Days, Personal Statement workshops, and mock interviews in Year 11, with both students and parents agreeing that early planning was essential.

Our expanding **Alumni network** and employer engagement activities continue to play a crucial role in inspiring students. Former students and local employers regularly visit the school, offering insights that help motivate students to consider their future plans beyond their Post-16 education.

Careers Programme 2024-2025

	Year 11	Year 10	Year 9	Year 8	Year 7	All yr groups	All yr groups
HT1 (Sept – Oct)	PSHE 1 – Post 16 applications, personal statement workshop	Parents information evening – Post 16 options timeline				Tutor time PSHE/Careers/ Wellbeing topics	Linking curriculum learning to careers

YR11 Sept/Oct:	JA to arrange 1-2-1s with FLT students. Meeting with BT prior to provide updated student information.
Yr11 mid Dec:	College references – for SEND students, to be completed by SENCo & BT. SENCo & NCO to review all applications prior to submission.
YR10 Autumn term:	JA & NCO to introduce themselves to FLT students to aid familiarity. JA & SENCo to meet to discuss SEND students with EHCP.
YR10 early Jan:	Meetings with JA, NCO, SENCo, MK & HOY10 to discuss students to be prioritised for 1-2-1s (risk of NEET)
YR10 Jan/Feb:	JA to meet SEND students with EHCP for initial 1-2-1.
YR11 Spring term:	College Transition meetings – NCO, HOY11, SENCo.
Risk of NEET mtgs:	SENCo, NCO, HOY11 & ISLE to meet termly with Barbara Phillips (CCC Senior Transitions Advisor) to identify potential NEET students that may need support beyond YR11 (mid Oct, end Jan, end Apr, mid June)

Senior Transition Advisor Support list

Those identified as being at risk of not engaging with education or employment with training post 16.

EAL Transition

The Hub staff supports EAL students and their families.

Foundation Learning Transitions

The Foundation Learning Tier are supported in tutor time and lessons working as a group with Ben Thompson and Carol Le Roy. They also have developed a mentoring project with Stephen Blackmore from Turners of Soham.

Pupil Premium Transition

All Yr9 pupil premium students take part in a careers support workshop to get them thinking about their options after Yr11. They also all have the opportunity to speak to a member of teaching staff or the careers team about their GCSE Options in April.

We can make provision to help students get to college taster days or guidance meetings if their parents are unable to get them there. We monitor their applications closely in the build up to the MyChoice16 deadline.

SEN Transition

We work with the SEN department when creating the risk of NEET list to help support SEN students.

ISLE Transition

Students on an alternative provision plan work with Moira Kemp and on occasions, the school may set up work experience placements to provide support within the alternative provision plan.

Targeted Intervention and Support

Mentors and support staff work with students who require additional targeted support, and where necessary work closely with the Careers Team.

Staff involved in CEIAG

Assistant Headteacher with CEIAG responsibility – Mary Wilcox

Careers Education, Information, Advice and Guidance Manager – Nick Oakhill

Careers Guidance Advisor – Julie Anderson

PSHE Lead – Gary Heaney

Form the Future CIC

Cambridge Launchpad

Future First (Alumni)

Anglia Ruskin University

St Johns College, Cambridge

National Citizen Service

Cambridgeshire Area FE College & Sixth Form Staff

Kamal Ellis-Hyman – AIM Higher

The Quality in Careers Standard

In April 2022, the school was awarded The Quality in Careers Standard.

This is the national quality award for the CEIAG provision in secondary schools and colleges. It recognises learning centres that comply with the Department of Education's careers statutory guidance, and is designed to ensure that those centres continue to meet the Gatsby Benchmarks.

Accreditation lasts for 3 year, and so the school will be reassessed in 2025
