

13 November 2024

Dear Parent/Carer,

Virtual Work Experience Opportunity – Years 9, 10 & 11

We are continuing to offer the Springpod virtual work experience opportunities and I am delighted to tell you about the current experience opportunities that are available on their website

<https://www.springpod.com/>

There are a wide range of sectors available. Some programmes are offered 'live' (although these have application deadlines), whilst many others are available on-demand.

Current opportunities include:

Accountancy

Agricultural & Environmental

Animal Care

Charity & Voluntary

Construction & Trades

Creative Arts

Digital & IT

Education & Childcare

Energy

Engineering

Healthcare & Medicine

Hospitality & Catering

Journalism

Law

Marketing

Media & Film

Property & Surveying

Science & Research

Social Care

Sport, Leisure & Travel

Once a programme is selected, students are required to set up an account and register, following which they will be sent all the required details to complete the programme.

The programmes can usually be completed in students own time between the designated dates, and a certificate is awarded at the end (provided 100% of the programme is completed) As well as giving students a fantastic insight into a sector they are interested in, completion of the programme is great for inclusion in college and university application personal statements, CV's and job applications.

Yours sincerely

Mr Nick Oakhill
