

11 September 2025

Dear Parents and Carers,

### **Key Stage 3 Design Technology Voluntary Contribution**

At Soham Village College, your child will have the exciting opportunity to engage in a variety of Design & Technology projects throughout the school year. These hands-on projects allow students to work with a range of materials such as wood, metal, acrylics, and textiles, as well as consumable supplies like paint, brushes, and varnish.

To help us continue providing these essential resources and ensure every student can fully participate, we kindly invite you to make a voluntary contribution of **£3**. Your support makes a real difference and is greatly appreciated.

Contributions can be conveniently made via ParentPay.

Thank you for partnering with us to enrich your child's learning experience.

We hope your child has an amazing experience in these lessons and look forward to you seeing their final outcomes which they will have worked incredibly hard on.

Kind regards

Mrs Mosley

Head of Design Technology
