

23 September 2026

Dear Parents and Carers,

Re: Revision timetable building workshop

Year 11 have made a brilliant start to the year and are showing the focus and positive attitudes that will give them the best chance of success in the summer of 2027. Year 11 mock exams will start in early November and last for approximately two weeks. These are the most significant exams students have taken to date in their education. They will have exams in every subject they study and the results will form the basis of the predictions on their post-16 applications. Further details about these exams will follow in a couple of weeks.

To prepare students for the mock exams, they are invited to a revision timetable building workshop after school on Wednesday 30 September 3.00 to 4.30pm in Beechurst hall.

This workshop is being run in response to student voice we have conducted where students in years 10 and 11 said they found organising revision for all their subjects into a coherent plan difficult and help was requested.

In the session, we will look at how to practically go about organising and planning revision to fit in amongst the other commitments they have. They will learn about the psychology behind habit formation and how to study as efficiently as possible for the maximum benefit.

If you think your child would benefit from this, please sign up for your child: [Year 11 Revision Timetable Building Workshop – Fill out form](#)

If you have any queries or comments, please do not hesitate to get in contact.

Yours faithfully,

Ed Slingsby
