BOOK OF THE WEEK

THE DAVENPORTS BY KRYSTAL MARQUIS

The Davenports are one of the few Black families of immense wealth and status in a changing United States, their fortune made through the entrepreneurship of William Davenport, a formerly enslaved man. Olivia, the beautiful eldest Davenport daughter, is ready to do her duty and marry. . . until charismatic civil rights leader Washington DeWight sweeps into town and sparks fly.

Her younger sister, Helen, is more interested in fixing cars than falling in love-unless it's with her sister's betrothed.

Amy-Rose, childhood-friend-turned-maid to the Davenport sisters, dreams of opening her own business-and marrying the one man she could never be with, Olivia and Helen's brother, John. But Olivia's best friend, Ruby, also has her sights set on John Davenport, though she can't seem to keep his interest . . . until family pressure has her scheming to win his heart, just as someone else wins hers.

SORA OF THE WEEK

STAR TREK: PICARD

Witness the events leading to the epic series Star Trek: Picard. Before he retired to his vineyard, Jean-Luc Picard was the most decorated admiral in Starfleet. Then one mission changed his life forever. After discovering that a looming supernova threatens the entirety of the Romulan Empire, the Federation launches a mission of unparalleled scale. Admiral Picard heads to the colony to plan the evacuation but makes a shocking discovery!

Then, following the climactic events of season two's finale, Jean-Luc and Seven of Nine launch an unsanctioned mission that sets the stage for season three! When an offer comes in from the stars, Picard is once more compelled to leave his chateau and confront the shadows of his past. Before his days on the Enterprise, a young Picard and his crew aboard the U.S.S. Stargazer saved a thriving planet from resource-hungry Romulans... or so he thought. Now landing on a seemingly unrecognizable planet, he and his crew work to save the system—and their ship—from disaster.

MRS WEBB HAS BEEN LISTENING TO.....

The blurb on this one intrigued me; **in a world where everyone knows their death day, what happens if you meet your love just before they die?**

This follows the story of Regan, a girl whose job it is to be a ‘Juliet’ to dying boys so that they can experience love before they pass. However when she meets Jude who has no interest in her she finally meets her match.

Huge echoes of Romeo and Juliet here, but to find out if this story has a happy ending you’ll have to listen! **Perfect for fans of Nicola Yoon or tragic romances it is sparky and a very easy listen.**

Listen to it on Sora.
