Soham Village College
Achieving Excellence with Care

12 November 2026

Dear Parent/Carer,

We are pleased to offer Year 10 Triple Science students the opportunity to purchase a set of GCSE revision workbooks through the MCAS app.

The revision resources available are complete revision and practice workbooks that cover all of the content required for the AQA GCSE Biology, Chemistry and Physics courses. These books contain extensive revision notes alongside a large number of practice questions to support independent study. Although the answers are not printed within the books themselves, each book contains information at the front explaining where the answers can be accessed so that students can check their progress.

These books will be useful throughout the remainder of your child's GCSE studies. In particular, they can be used to prepare for the Year 10 mid-year science examinations, which will take place at the end of January (dates to be confirmed). They will then continue to support revision for the Year 10 end-of-year examinations, the November and March mock examinations in Year 11, and ultimately the final GCSE examinations.

The books are available to purchase through the MCAS app until **Monday 23 November**. Thanks to a school discount arrangement, parents will receive a **50% discount** on the retail price and will only pay the net price shown below:

- GCSE Biology Revision & Practice Workbook: £4.00
- GCSE Chemistry Revision & Practice Workbook: £4.00
- GCSE Physics Revision & Practice Workbook: £4.00

Total cost for all three books: £12.00

If you would like to find out more about the revision guide, or compare the discounted price available through the school with prices available from other retailers, you can search online for 'Oxford Revise: AQA GCSE Biology Revision and Exam Practice'. And the same for Chemistry and Physics.

We strongly encourage all Triple Science students to take advantage of this opportunity to secure high-quality revision resources that will support them throughout the GCSE course.

Yours faithfully,

Mr Collard

Head of Key Stage 4 Science
